“At Nevados, we feel that the Fernie Chamber of Commerce works to promote equal business opportunity. They advocate for business growth, but also consider the position of current operations in the community.”

We choose to be a member of the Chamber of Commerce due to their willingness to support our initiatives and opinions on the future of our community and business.

We feel the Chamber has helped the City of Fernie stay informed on key business matters that may have been overlooked or potentially not dealt with in a timely manner.

We also feel that the Chamber of Commerce recognizes Fernie’s tourism industry as a key economic driver. They make sure to offer our bustling downtown core as an attraction to travelers and town visitors.”

“When we were thinking about moving our business to Fernie, we contacted the Chamber during our research. Fernie Chamber of Commerce wrote a letter of support which helped our application with the BC Provincial Nominee Program. When we’d re-located from the UK we joined the Chamber and have been members since 2004. We’re impressed with the way Fernie Chamber of Commerce advocates on our behalf. After 10 years, we opened a gallery to sell our work in downtown Fernie and were nominated for several Chamber awards. Thanks for making us feel at home before we’d even arrived.”
